Dave, We are still working through the process. Sorry I can't give you more information., Stay ready, as you are.

Yes, you may plan to put your trailer at the Snydersville Office.

Subject: Dimock PA

Rich,

Any updates on to when we will be starting the Dimock site?

As a reminder I am on vacation starting this Friday 1/20/12 thru Sunday 1/29/12 but Paul Adams has vendors lined up to supply the water for the water buffalo's if needed. Also Dave Tiedman can cover the site while I am on vacation if needed.

I am wondering the status of the site so we can get lodging set up, I know that you are staying at the Comfort Inn in Tunkhannock PA and I called that hotel and there are no rooms available so we will be staying in Binghamton NY which is the closest location with available rooms

Also Joanna, Paul & I have finished moving the well core samples to Snydersville location and I have the sample refrigerator, folding chairs & tables, your office chair and other various items from upstairs in the Kemron trailer awaiting to come up to the site. Since Paul & I will be leaving the FMO site on this Thursday 1/19/12 and traveling home unless we come up there before then, I am suggesting that I be allowed to Park the Kemron trailer at the Snydersville location beside your trailers after Thursday that way it can be brought up there when a command post is obtained.

Thanks
